Front Load Washers

Designed to be everything you never thought a washing machine could be, the revolutionary Speed Queen® front load washers feature an unprecedented amount of cutting-edge innovations to help you improve performance and minimize costs..

 Revolutionary balancing technology redistributes unbalanced load for uninterrupted wash cycles.

- Increase spin speed extracts 440 G-Force to maximize moisture removal and lower drying times.
- 20% increase in capacity with improved water usage to decrease operating costs.
- Redesigned 4-compartment soap dispenser for simplified use and cleaning.

Electronic Control

Speed Queen® washers with Electronic controls are designed for durability and are easy to operate with intuitive selection buttons and cycle status indicator lights. This control option features a time-remaining display, six preset cycle buttons, cycle adjustability for temperature, load size and soil levels along with additional cycle enhancer options for a pre-wash or second rinse cycle.

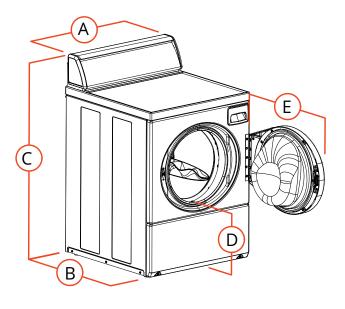

Mechanical Control

Speed Queen® washers with Mechanical controls are designed for durability and are easy to operate with a multi-cycle timer knob and extra rinse switch.
